

AUCTION GUIDE

Your first time at a live auction?

Here are some of the basics to get started:

1. Sign in at the front desk and get your bidding number.
2. Before the auction starts, assess items to go on sale.
3. If you like something, note it in your program and consider your bid (or limit).
3. The auction moves fast. Be ready when the bidding starts.
4. Watch for lot numbers and corresponding items you like on the TV screens.
5. Wave your paddle to respond to the auctioneer's bid call.
6. When you hear "Fair warning... all-in, all-done ..." then time is almost up.
7. If you win an item, stop by the cashier to pay and pick it up.
